

Dear Valued Customers,

As being done for 20years, our continuous actions to maintain best service quality on our Turkey-Israel (TIES) service are ongoing.

On the other hand, congestion status at Ashdod port brings major operational and cost basis bottlenecks with an increasing trend. Therefore, in order to keep our ongoing smooth and seamless service, for you, our valued customers, we are forced to revise our "Congestion Fee (COF)" application with USD 50 per container increase as follows:

Congestion Fee (COF):

USD 65 per container for all 20' container types

USD 80 per container for all 40' and 45' container types

On all containers to be discharged at Ashdod port, starting with;

MV Kaan Kalkavan IE1811W (ETD Istanbul 10.03, ETA Ashdod 19.03)

Please note, we hope that the drivers of this applicaton and the respective application will be over within a short time frame.
