

Dear valued customers,

For the last 21 years, we have been continuously providing best quality service on our Turkey-Israel (TIES) line.

The congestion status at Ashdod port that we had informed you about before not only keeps posing a major operational challenge, but also drives the costs upwards. Therefore, in order to maintain the smooth and seamless running of our service, we are forced to increase our Congestion Fee 50/20' Usd and 75/40' USD and the new congestion fee will be as follows:

Congestion Fee (COF):

USD115 per container for all 20' container types

USD155 per container for all 40' and 45' container types

On all containers to be discharged at Ashdod port, starting with;

MV Kaan Kalkavan IE1815W (ETD Mersin 14.04, ETA Ashdod 17.04) and

MV Frisia Bonn IE1816W (ETD Istanbul 14.04, ETA Ashdod 24.04)

Please note, we hope that the drivers of this application and the respective application will be over within a short time frame.
